COUNTY THREATENS CITY WITH BAN ON GARBAGE

DRY OFFICE DECLARED STRIPPED OF POWER

THAYER-RD BRIDGE OVER ERIE RAILROAD PROPOSED

SURVEYOR'S ESTIMATES PRESENTED

Cost of Proposed Structure May Run up to $25,000

COMMISSIONERS TO DECIDE

Expense Would be Shared by County and Carrier

Estimates for the construction of a bridge over the Erie railroad on Thayer-rd, two miles west of Lima, are to be submitted to the county commissioners by Ed. Smith, county surveyor.

The cost of the structure, it is announced, may run as high as $25,000.

When the estimates are completed they are to be submitted to Frank Braum, division engineer for the Erie, who will in turn lay them before officials of the road. Overheads are now built on Bellefontaine-rd, Amanda-rd, and Spencerville-rd.

COST DIVIDED

The railroad will pay 65 per cent of the cost and the county the remaining 35 per cent.

The lay of the land near the railroad at the proposed site is admirable for construction of an overhead, the surveyor says.

Work on the Metcalf-st overhead over the L. E. & W. railroad is progressing despite the cold weather and is believed that it will be ready for use early in the summer. This will remove an exceptionally dangerous crossing from the Dixie highway.

Efforts on the part of the city to increase the number if overheads in the city are meeting with some small opposition commissioners say. It is expected that as soon as the city is financially able to pay its part in their construction it will be possible to eliminate dangerous crossovers in the city.

Officials have not given up hope that some day the Pennsylvania railroad will raise its tracks all the way thru the city. This would remove all grade crossings on main streets except in the factory district on the north side of the city.

DEAD MAN LISTED AS CANDIDATE

Name of Hiram Johnston Stricken from Michigan Ballot

BAY CITY, Mich., — (Associated Press) — Hiram Johnston" is dead. He was buried in Oak Ridge cemetery last July.

Thus fresh confusion is added to the Michigan presidential primary election of April 7, next, in which the name of "Hiram Johnston" has appeared in the public column, together with the names of Senator Hiram W. Johnson of California, President Calvin Coolidge and William G. Simpson of Chicago.

Johnston's name was ordered stricken from the ballot yesterday by Secretary of State DeLand upon receipt of a letter purporting to come from "Hiram Johnston" of Waukesha. It was dated "Milwaukee, Wis." and was presented to the secretary of state by John Baird of the conservation commission whose home is at Zilwaukee. The letter bore no postmark. "Milwaukee" is not listed in postoffice guides.

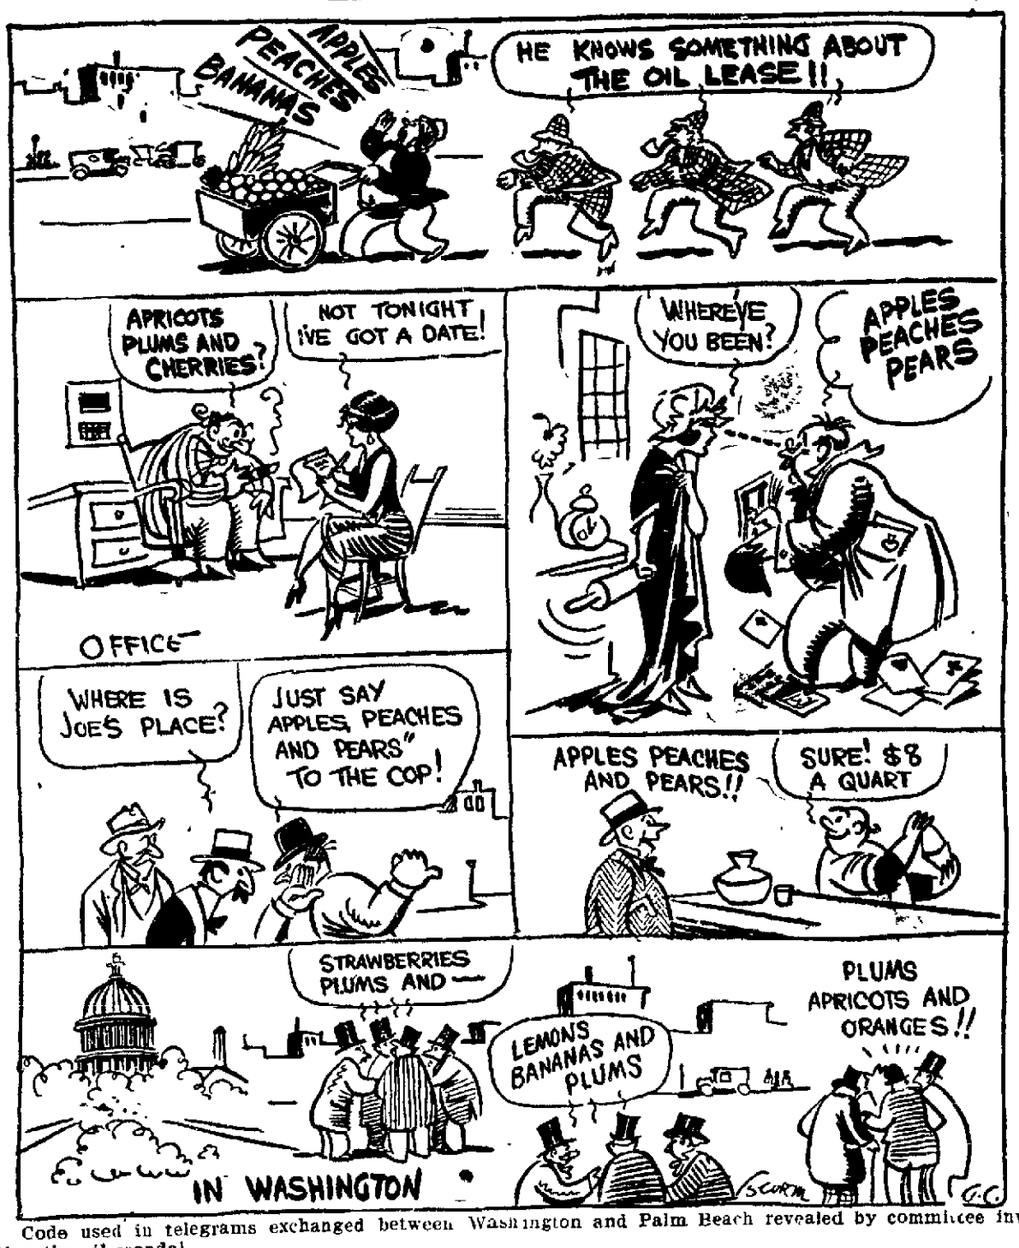

The correct name of the man who died last July as given on the records is Martin Hiram Johnston. He was better known as "Paddy" Johnson. He lived in a house boat on the Saginaw river and was employed as a watchman by the North American Chemical Co. of this city.

PERMITS PROCURED FOR BUILDING NEW HOMES

Construction of six homes on Orchard-av at a cost of $23,000 as planned by F. N. Bentz increased the building within two days to a total of $67,000.

Five homes are to cost $4,000 each and the sixth is placed at an estimated cost of $3,000, according to permits issued at the office of City Manager C. A. Bingham.

Ohio Farmers Hunt Panther

MINERVA, Ohio. — (Associated Press) — Preparations are being made by hunters here and near by farmers to hunt down a wild beast seen on a farm near here Tuesday evening. The animal was seen loping across the field and is described as a panther or other member of the cat family.

Enthusiasm for the panther hunt is great. Three hogs were killed by the animal last night on a farm three miles south of here.

PAIR ARRESTED ON DRUG CHARGE

Man and Woman Are Jailed at San Diego, Cal.

SAN DIEGO, Cal. — (Associated Press) — With the arrest and imprisonment here last night of Oscar Dusel, a chauffeur, and Miss Sadie Stock, apartment house owner, federal agents said they believed three years of effort to find one of the sources of narcotics supplied to many prominent persons in California had been successful. Jack Denison, narcotic agent in charge of the Southern California district, said he had received information that narcotics in large quantities were being smuggld into the United States from Germany by way of Mexico, being brought to San Pedro by boat and sent inland by automqbile.

Officers said Miss Stock had a list of customers including the names of many persons prominent in San Diego, Los Angeles, Hollywood and San Francisco and that among them were several motion picture actors and actresses.

MAYOR OF NEW YORK IS BACK AT HIS DESK

NEW YORK—Mayor Hylan today returns to his desk in city hall after six months of serious illness and convalescence.

The mayor returned from Palm Beach yesterday, bearing no trace of the illness which brought him close to death in Saratoga Springs, N. Y., last September. He walked briskly and bore out his assertion that he felt better than at any time for two years preceding his illness.

MYSTERY PERSON IN OIL LEASE SCANDAL TRAILED

Identity Expected to be Revealed in Telegrams

300 NEW MESSAGES READ

Contents of Many to be Made Public Tomorrow

WASHINGTON—(United Press)—Some 300 additional telegrams perused by the senate oil commitee in executive session today opened a trail that may lead to identification of "the principal," mysterious person mentioned in an exchange of telegrams between Edward B Mclean, in Palm Beach and his agents here.

Suspicions of Teapot Dome investigators as to the identity of the "principal" were said to have been strengthened by the new messages inspected.

Two committee members now say they have no doubt as to the person's identity and believe open developments in this connection will follow shortly. Of the 300 telegrams which passed between leading figures in the oil scandal and which the committee examined today, about 75 were selected as extremely pertinent to the inquiry, it was said after the session.

TO BE REVEALED

Contents of the 75 telegrams will be revealed tomorrow. The United Press is informed that these messages besides confirming some opinions as to the identity of "the principal" also:

1—Make further mention of William J. Burns, chief of the bureau of investigation in the justice department.

2—Show that Edward B. McLean, publisher of the Washington Post, knew further details of the Florida visit of C. Bascom Slemp, secretary to President Coolidge.

3—Frequently mentioned the name "Willis" but not in such a way that his identity may be definitely

Robins are seen, buds are reported swelling on trees and other signs bear indications that spring is here.

TUESDAY IS PAY DAY FOR CITY

Fines Amounting to $2,300 Are Collected by Criminal Court

Tuesday was "pay day" for the city.

This was shown Wednesday when Judge Neil Poling, of criminal court, released figures showing the total amount of fines paid on that day by liquor law violators.

A total $2,300 was collected from five offenders. Each planked down the hard cash and were permitted to go their way by police officials. Those fined were:

Charles Conkel, $800 fine for unlawful possession. He was found guilty by the court.

E. Forbes and Frank Acosta, $500 each.

William Lee and Rosa Sanfelippo, $250 each. They both entered pleas of guilty to the charge of possession.

Effective work by the police department in rounding up liquor law violators is credited for the many cases that have appeared recently in criminal court.

CHIEF TALKS ON EFFECT OF CRABBE RULE

Enforcement Crippled by Dropping Card Men, McDonald Says

110 INSPECTORS OUSTED

Work of Agents Illegal, Ohio Attorney General Asserts

COLUMBUS — (Associated Press) — State Prohibition Commissioner McDonald declared today Attorney General Crabbe's ruling knocking out 110 "card" prohibition enforcement inspectors "practically stripped this office of all useful authority" and would "greatly cripple the work of prohibition enforcement in Ohio."

Commissioner McDonald declared that "hereafter," in communities where emergencies exist because of laxity of local officials, prohibition enforcement will depend largely upon deputy marshals over whom I have no control and who are almost wholly responsible for all just criticism rather than the men appointed by me."

The prohibition commissioner also directed a shaft at the attorney general by calling attention to the fact that legality of the "card" men never had been questioned in the numerous cases that have been fought in the courts and the fact that no attorney in defense of violators had even found this weakness in the state's prohibition enforcement machinery.

"It was left for the attorney general who is supposed to be in favor of prohibition enforcement and whose duty it is to aid in such enforcement to find and render this means of escape for the bootlegger," McDonald declared.

FEW CARD MEN OPERATING HERE

Cancellation of the cards of 110 men thruout the state ordered by Governor Donahey Wednesday to wipe out the evils created by the "card" system in enforcing prohibition, will hit several alleged card holders in Allen-co and Putnam-co, it was learned.

Mark Bogart and S. E. Williams, Columbus Grove are included in the list, who are stripped of power.

Orders were issued by Governor Donahey Wednesday directing State Prohibition Commissioner McDonald to cancel the cards or commissions of the card men, following a decision by Attorney General C. C. Crabbe, which found commercial prohibition enforcement illegal.

Under the card system commissions were granted to dry men, with authority to search homes, make arrests and otherwise aid in enforcement of the dry laws.

Under Crabbe's ruling card men are stripped of power and in the future must cooperate with a sheriff or police chief who holds the warrant They may make investigations, however.

FORCE CUT

Elimination of card men cuts the state dry force to 20. Salaries of card men were obtained from fines collected from offenders. A card worker, operating from the Milford village court near Cincinnati, during the past year collected $25,000 in fees.

Altho several card men are known to reside in Allen-co, they have never obtained a foothold here, and their operations have amounted to practically nothing save to hold up a few suspicious motorists and search the cars for liquor.

"There are card men here," declared Prosecuting Attorney Lippincott Wednesday. "But I don't know who they are, and I have never recognized them.

"When I first assumed office," he continued, "efforts were made by a number of persons to get these prohibition appointments. A number of people argued that it would be a quick way to clean up the county.

"At various times since, card men have come to me and sought to start

Bouts Follow Prayer Meeting

DENVER — (Associated Press) —Despite a hundred or more protests from a score of cities from New York to San Francisco Rev. B. B. Kessler, pastor of the Merit Memorial Methodist church here, declares he will continue boxing bouts after his semi-monthly prayer meetings, the next such program being set for tonight.

"I am not in favor of prize fighting," says the Rev. Kessler, "but I am very much in favor of clean athletics and amateur sport. I have told my boys that those who can use boxing gloves will not use knives or guns."

ADMITS PART IN BOMB PLOT

Prisoner Confesses as to Wall Street Explosion

HELD IN ENGLISH JAIL

Heavy Guard Thrown Around Desperate Character

LONDON— (Associated Press)—Ralph Thurber, prisoner in Pentonville jail, who has confessed to implication in the Wall street bomb explosion of 1920, recently came to England in defiance of a deportation order sending him to America, says the Daily Sketch. The paper adds that the only explanation of his motive for returning here is his own statement that he came to recover a debt of ten pounds sterling. He is said to have travelled by way of Paris and Antwerp, landing in England at Harwich.

Thurber is declared to have left his home in the United States when 16 years of age to join the Canadian army. It was apparently while serving with the Canadian forces in France that he got into trouble under circumstances causing suspicion that he was acting as a spy and resulting in his deportation.

Thurber, who is about 25 years old, is described as a desperate character. He is under heavy guard in the Pentonville jail and will continue to be closely watched until extradition proceedings are completed and New York detectives arrive to take him back to America.

No Americans have seen Thurber but his statement, which was forwarded to Washington by the British home office, is accepted here as truthful. No one is permitted to visit the prisoner and it is impossible to obtain from the officials who have seen the confession any indication of the motive ascribed by him for the Wall street crime.

PREACHER INVOLVED

NEW YORK—(Associated Press)—The confession of Ralph Thurber, prisoner in a London penitentiary, implicating himself and a number of other persons in the Wall Street explosion of September 16, 1920, in which 30 persons lost their lives and scores of others were injured, today was the object of an intensive inquiry by police and the district attorney's office, which pointed out, however, that a number of similar inquiries in the past had been fruitless.

Officials plainly indicated their desire to plumb the new clue before embarking on extradition proceedings which were suggested by the American consul general in London who sent word of Thurber's confession to District Attorney Banton thru Secretary of State Hughes and Governor Smith.

The messages from London made public yesterday quoted Thurber as having told all details of the plot and the names of the onspirators were known to Rev. Herbert Wilson of San Diego, and Los Angeles. It was pointed out that William J. Burns, head of the federal secret service, last year questioned Wilson and was satisfied he had no part in the crime.

TELEGRAMS URGE VOTES FOR SOLDIER BONUS BILL

Telegrams urging Senators Simeon D. Fess and Frank B. Willis and Congressman John L. Cable to support the soldiers' adjusted compensation act when it goes before them were sent Tuesday night by members of the local voiture Forty and Eight.

Forty members signed the telegrams urging that the members of congress support the compensation bill This action was taken at the regular social session.

Social sessions will hereafter be held on the first Tuesday of each month. As the next meeting will fall on April Fool's Day" a special program will be arranged.

DR. SUTTER LAYS DOWN ULTIMATUM

Obey Rules or Keep Refuse Is Commissioner's Demand

DISPOSAL METHODS NAMED

Healther States Offensive Practices Must Cease

Refusal by the county board of health to permit the garbage collectors from Lima to dispose of their collections in the district outside of the city will be necessary if rules and regulations are not adhered to, Dr. J. J. Sutter, county healther, announced Wednesday.

These rules have been formulated to halt the operation of feeding and dumping grounds that are allowed to become filthy, draw flies and give off an objectionable odor, Dr. Sutter announced.

GIVE CITY TIME

"We have given the city plenty of time to formulate plans for the proper disposal of garbage and now we intend to enforce such rules as will protect the country from unsanitary conditions," Dr. Sutter said.

Four methods are given for the disposal of garbage by the county board. They are:

Burning. Incenerators have been erected in many cities for this purpose and where funds are available it is held to be one of the best methods.

Burying. Garbage can be buried under certain conditions. Precautions must be taken to prevent the refuse being uncovered by animals or becoming exposed to flies.

Feeding to hogs. This is very common in the Lima district. All feeding places must be watched or they will give off an offensive odor. These feeding places have given the county much trouble and rules have been made to correct the evil.

Reduction. Grease and oils of various kinds can be obtained thru the reduction of garbage. In some cases the value of the product obtained pays for the cost of the reduction.

CITY AID WANTED

It is the belief of the county health board that the city commission should take some steps to aid in the enforcement of the law thru the elimination of incompetent collectors. This is held the next best thing to a municipal reduction plant.

Members of the city commission have on numerous occasions voiced the feeling that garbage collection in the city is very unsatisfactory. No direct control, except thru the use of permits, is possible and rigid inspection is accomplished only at great cost if at all.

Operation of a municipal destruction or incinerating plant has been proposed but the present financial situation of the city makes its creation impossible at the present time, officials point out.

County health officials, however, are determined that offensive practices seen in other year must be eliminated during the coming summer even if they are compelled to refuse to permit garbage from the city to be dumped in the district outside of the corporation.

This action, they say, would throw the whole matter up to the city and might make it possible for some drastic measures being evolved by the commission to remedy the situation.

BANK IS ROBBED

Bandits Take $4,000 from Cleveland Institution

CLEVELAND — (Associated Press) — Two armed men entered the bank and held up Ruth Kauffman, a cashier of the Protection Saving & Loan Co. this morning and escaped with $4000 in cash which they forced her to hand them from a money drawer. A man passing on the opposite side of the street fired on the bandits as they fled toward a waiting automobile after the robbery but is thought none of the bandits were injured.

HOSPITAL FORCES TO ACT JOINTLY

Mayor to Call Session of all Elements to Rush Plans

City-wide movement to expedite the erection of the proposed $600,000 hospital will be started at a joint meeting of city officials, Allen-co Medical association and trustees of Lima City hospital.

Mayor Earl Moyer is to name the meeting date after conference with heads of both organizations, he announced Wednesday. Question of a suitable site will be discussed and plans completed to secure the plot of ground not provided for in the bond issue approved by voters at the November election.

Petitions in circulation asking that either the present site or the Lima Driving park site on Bellefontaine-av be chosen for the new structure will be filed Wednesday night at a meeting of the east side committee at Elmer and Shawnee-av fire station.

Forty petitions were circulated last Friday and reports are that thousands of voters have attached their signatures to the petitions which are to be filed with city commissioners by east side residents in their move to keep the city hospital east of the B. & O. tracks.

RUMOR PROBE IS UNDERWAY

Sensational Stories Are Unfounded, Hardin-co Official Says

Official investigation of sensational stories appearing in the morning edition of a Lima newspaper telling about alleged irregularities in Hardin-co liquor raids is threatened by Prosecuting Attorney Herman Lease.

In an official statement Wednesday morning he said as follows: "It is certain that the stories carried came from Kenton and that they are the work of certain irresponsible persons in the city whose imaginations have formed the basis for the stories."

"We will begin an investigation at once to learn the source of this propaganda," Lease said in commenting on possible action by officials. It was pointed out that investigation by the grand jury might be necessary in order to reveal the inner workings of an alleged liquor ring in Kenton.

"Liquor raids in Hardin-co have been carried on in a lawful way and there is absolutely no foundation to fabrications that say otherwise," he continued. "I informed the newspaper that its statements had no foundation in fact but they have continued to publish these falsehoods. I intend to trace these stories to their source."

The annual stunt program given by the Garford Motor Truck Co. will be given Thursday night at the Y. M. C. A.

Fellowship of Prayer

Daily Lenten Bible reading and meditation prepared for Commission on Evangelism of Federal Council of the Churches of Christ in America.

ASH WEDNESDAY
The Temptation and Decision of Jesus.

Read Mt. 4:1-11. Text: 4:10. Then saith Jesus unto him, Get thee hence, Satan; for it is written, Thou shalt worship the Lord thy God, and Him only shalt thou serve.

"Jesus' religious experience with the will of God was a growth, as is ours, and as all real human experience must be. He faced uncertainties that called for moral adventure for experiment as a means of attaining experience and character. Character for him, as for us, came by thinking and living the way thru difficult problems, by going forward when he could not see far ahead, by feeling the tremendous pull of temptation and resisting it."

MEDITATION: When Jesus realized that he possessed great power the question which forced itself upon his attention was: How shall this great possession be used? He was so close to God and God had revealed his will to him so clearly that he decided once for all time to use his powers for the eternal good of men.

PERSONAL QUESTION: How am I tempted today?

PRAYER: O Thou strong Son of God, who was tempted to the uttermost and did not sin, be thou our help and stay. We look to thee for strength and guidance. Thou knowest how much we need thee. O, abide with us. Amen.

PHILIPPINE INDEPENDENCE AT PRESENT IS OPPOSED

WASHINGTON—President Coolidge informed the Philippine independence mission today that in his opinion the time has not yet come for separation of the Philippines from the United States.

In a letter to Manuel Roxas, chairman of the mission, the president also declared that the United States government "has full confidence in the ability, good intentions, fairness and sincerity" of Governor General Wood.

"In the present state of world relationship," the letter said, "the American government owes an obligation to continue extending a protecting arm to the people of the Philippine islands."

For the past two years he was in the employ of the U. S. internal revenue department as agent in the federal inheritance tax department.

SCHOOL MEN HIT IN COURT SUIT

Two Members of Board of Education Face Ouster Proceedings

KENTON — (Special) — Ouster proceedings against Ross Turner and William Switzer, members of the Hardin-co board of education, have been started in the state supreme court at Columbus.

Suit, as filed late Tuesday by Prosecuting Attorney Herman D. Lease, charges that the two men failed to take their oath of office until a half hour after they had participated in the first meeting of the year in January.

For this reason, it is claimed that neither man can legally hold his place on the board. Both were elected last November and should have been sworn in sometime prior to the first meeting.

Should the suit be successful another election will be held this fall, it is believed. Plans for the election will be postponed, however, until after the action of the supreme court has been taken.

LOAFERS, KEEP OUT OF FIRE STATIONS, IS EDICT

"No loafing" signs have been ordered placed in city fire stations to keep out persons not connected with the department.

Orders to such effect were issued Wednesday to Fire Chief John Mack in a letter from City Manager C. A. Bingham. Loafing, it is claimed, interferes with the efficiency of the department in that firemen are hindered from doing their work.

SENTENCES SUSPENDED PENDING GOOD BEHAVIOR

To keep out of jail—keep out of trouble and away from liquor.

Judge Neil R. Poling put it up to Earl Berry, 27, of 723 W. Market-st, and Jack Fay, 23, of 970 Rice-av, in this wise Wednesday.

The men were arrested Tuesday charged with drunkenness and disorderly conduct. Arrests were made in a local restaurant where it was charged the men tried to create a disturbance.

Judge Poling sentenced both to 30 days in jail and then suspended sentence when they agreed to his conditions that they let liquor alone and behave themselves.

SENTENCE DELAYED

Charles O'Connor, a carpenter by trade was passed for sentence by Judge Neil R. Poling Tuesday afternoon in criminal court when he entered a plea of guilty of the unlawful possession of illicit liquor.

MYSTERY PERSON IS TRAILED

(Continued from Page One)

established from the messages alone.

4—Mentioned the name of "a man from a certain state" in such a way as to arouse suspicions of that the man designated may be a senator.

The new telegrams will help the committee, it is said, to complete the story of the intrigue to keep McLean from going before the committee. Some new names are involved.

One of the telegrams explained to the commission a message from J. F. Fitzgerald to McLean which was previously made public.

Fitzgerald, who formerly was connected with McLean's Washington paper, wired McLean to "read every other word in previous message."

"A message found in the batch submitted today which—if every other word was dropped — would inform McLean that Senator Thomas Walsh, chief prosecutor, was in possession of two varying stories as to why McLean could not testify. One story, which McLean himself told Walsh in a telegram that he was too ill tto come north and testify. The very same day that Walsh received this statement from McLean there appeared in the Washington Post a story that McLean was winning a Florida golf match.

The name "Slemp" is mentioned several times in the new telegrams it was learned.

One of the telegrams was designated by a member of the committee as being a mysterious message.

It states that several men had been asking about a man from a certain state in such a way that it might indicate a United States senator. The committee will endeavor to get a definite interpretation of the message from witnesses.

Two or three of the telegrams were in a code and these were given to signal corps experts, W. F. Friedeman for deciphering.

The committee found the "missing" telegram which chairman Lenroot of the committee sent to McLean, notifying him that Walsh was coming south to interrogate him. Lenroot previously had submitted his copy of the message to the committee, but it could not then be found in the Western Union files. Other messages from Lenroot but not reflecting upon him in any way are said to have been found in the new batch.

TED HAS IT BUT ALSO HAS CURE

"Well, I guess I've got it all right," Ted tells us today. "As a matter of fact I think I've had it for a couple of days. I didn't notice it so much until after it quit raining yesterday. Then it became quite apparent. This morning when I saw the sun come up it was more pronounced and by noon it had me all over. But I'm not going to call a doctor nor visit the druggist. I'm not even digging up sassafrass root or hunting sulphur and molasses. I'm just going to get up a little earlier and work a little harder and and get a little more exercise before breakfast, all day and on retiring. This warm weather is going to be with us another day or two anyway and exercise is the best antidote in the world for what I have—spring fever."

SCHOOL HEAD AND TEACHERS QUIT

Ohio Institution Closed by Row Over Bible Reading

SALEM, Ohio — (Assocfated Press) — Whether the schools of Freenford, a village in Mahoning-co, will reopen after being closed by the resignation of Superintendent H. C. Seran and the five teachers after a controversy over Bible reading in the schools, will be determined at a meeting of the school board tonight.

The controversy began when three members of the board urged that the Bible be read in the schools each day. The superintendent said the school time was fully occupied, but suggested that the pupils come early twice a week for Bible reading. This plan was agreed to and put into effect.

Later one of the members of the board charged that the Bible reading was being neglected. Heated arguments arose and Seran and some of his teachers charged that the board members had insulted them.

The resignatioin of the superintendent and all of the teachers followed.

At a meeting of the board attended by a large number of citizens the board accepted the resignations.

667 KILLED IN LONDON

LONDON — The annual police report shows that 667 persons were killed in the streets of London during 1923. The number in 1922 was 684. The report shows more people injured in 1923 than in 1922. Accidents average 204 daily.

"—and Finally They Come to Know It!"

MANY people go on for years and years, drinking one or more cups of coffee at a meal. But finally, for apparently no reason at all, they become nervous and irritable.

Or they lie awake at night, with their hearts beating faster than they should. Or perhaps their food may not agree with them. They are distressed after eating.

When the doctor is finally consulted he asks: "Do you drink coffee?"

Why not serve delicious, healthful Postum as your mealtime drink? Postum is a pure cereal beverage—absolutely free from caffeine, or any other irritating drug.

Sold by grocers everywhere!

BOTH OLD PARTIES HAVE BATTLES

Each Seeks to Cement Lines for North Dakota Fight

SEVERAL FACTIONS ACTIVE

Republicans and Democrats in Harmony Endeavors

FARGO, N. D. — (Associated Press)—With nominating petitions already in the field for President Calvin Coolidge and Senator Hiram W. Johnson of California, North Dakota Republicans are laying plans for a strenuous campaign not only to gain the election of their candidate but to firmly cement the party in the state.

The Democrats are likewise attempting, thru the support of William Gibbs McAdoo, to be recognized as a distinctive party in North Dakota and to ultimately send its committeemen to the national convention instructed for McAdoo.

Owing to the Non-partisan League faction, which succeeded in capturing the Republican party in 1917 and holding it until the recall by state referendum of Gov. Lynn J. Frazier, now United States senator, in 1922, there are in the state today two main groups that have split the Republican party, thereby destroying its former formidability and offering what the Democrats say is a chance to carry the state in the November general election. These groups are:

1. The Non-Partisan League, under the active leadership of Roy Frazier, who is supported by Senator Lynn J. Frazier. The senator and Roy Frazier are not related. With this group is associated the followers of Porter McCumber, who was defeated for re-election to the United States senate by Senator Frazier.

2. The Independent Voters association, under the leadership of L. L. Twitchell, the acknowledged faction of the old Republican party that rebelled at any association with the Non-Partisan League.

Altho believed to be for the candidacy of Senator Robert La Follette, of Wisconsin, in the presidential preferential primary on March 18, officials of the league sprung a surprise in the state political circles by unofficially naming a list of national committeemen most of whom were known to favor the selection of President Coolidge in this state. The convention of the Republicans held Feb. 14 endorsed the President.

The more enthusiastic non-partisan leaders protested against the action, while a majority of those named for prospective national Republican delegates to the Cleveland convention, and who were known as supporters of principles of the Independent Voters association, promptly withdrew their names, declaring they were not in sympathy with any action of the league.

At the start Senator Frazier and Senator Ladd, issued statements saying they also were for the candidacy of President Coolidge. Protests however rained on Senator Frazier and he with Senator Ladd later qualified their indorsement of Coolidge by the statement that they were for Coolidge only in the event that LaFolette did not run in North Dakota.

Hiram Johnson has received the support of the Independent Voters association.

In the Democratic party are two rival factions. One faction, desiring to join the Independent Voters association is headed by Gaius S. Wooledge, of Minot, while the other is headed by James L. Campbell, of Mandan.

The latter faction desires to again strengthen the Democratic party in North Dakota in an effort to make it a decisive factor in the state's political destiny.

The Wooledge side, however, believe that association with the Independent Voters association will mean more politically.

At a recent meeting at Valley City, called despite the protests of Wooledge, who asserts he is the official chairman of the state Democratic executive committee, the Campbell faction ousted Wooledge from the chairmanship and elected Campbell in his place. Both factions however, have declared themselves for McAdoo.

DIES OF SHOCK

DUBLIN — Mrs. Mary Hanrahan died from the shock of hearing the death sentence pronounced on William Devereux for the murder of his sister-in-law with a hatchet. Mrs. Hanrahan, one of the principal witnesses at the trial, was taken ill when the judge passed sentence and died soon afterward.

POSTMEN ON SKIS

EDINBURGH — Scottish postmen in the Braemar district, up in the Grampians, are delivering his majesty's mails on skis. Recent heavy snows brought the innovation. At first, there were about as many falls as deliveries. But now, the men are experts.

STRIKING INDIAN STUDENTS LEAVING BOYCOTT SCHOOLS, RETURNING TO GOVERNMENT

CALCUTTA — Nearly half of the 55,000 students who deserted government and mission schools in Bengal during the strike of 1920 have now returned, according to figures printed in a government report on the progress of education in Bengal.

The student strike was a result of political agitation, and was followed by the establishment of "national" schools by means of which the non-cooperators sought to boycott all government and government aided institutions.

"These schools are ill-housed," states the report, "badly equipped and indifferently staffed. Most of them lead a precarious existence and their financial statements, if they are ever made, would probably bear little inspection. Fees, not always paid, doles from congress funds; occasional windfalls from non-cooperators; a varying amount realized from the sale of rice brought by pupils as a sort of payment in kind, these are the main items of income.

"There seems to be no uniformity of studies. The pupils attend or not as they please. Signs are not wanting that now that the first flush of enthusiasm has passed, these institutions will die of inanition, tho their establishment has probably done more than could a good deal of counter-propaganda to convince the people of Bengal of the weakness of the non-cooperation movement in education."

ENGLISH INTERESTED IN LATIN REPUBLICS

LONDON — To keep pace with the increasing interest which is being shown by the Englishmen in the countries of South America, the City of London college is giving regular lectures on the subject of the growth and future of the Latin republics.

The firs address was made by Senor A. S. P. Brandes, consul general in England for Brazil, on the subject of the industry and future of his native country. The speaker said that Brazil, in time, would be one of the first countries in the iron and steel industry.

The means of transport present no difficulty because of the large number of navigable rivers and the 57 railway lines now in operation in the country. He pointed out that there were now 30 foreign banks in Rio de Janeiro alone, and that industries were increasing daily, the country becoming less dependent on foreign markets.

The Story of a Pleasure-Mad Girl

NEVER will she forget that dreadful night which in a few short hours changed her from a laughing, carefree, pleasure-loving girl to a serious minded, careworn woman of the world.

Poor little Kate—once too often she had cast the dice with fate and now she was called upon to pay. It was not the first time she had taken auto rides with strange men through country roads and dusky lanes, not the first time she had dropped in at the roadhouse for a midnight lunch with a man she had never met before. But it was to be the last, for to-night this little moth, gayly fluttering around the flame of life, had flown too close.

If she had only known, if the thousands of girls who every year learn by terrible experience, could only be made to realize that no matter what the provocation, no girl can afford to disregard convention, become careless in her personal conduct, or sacrifice her dignity in the pursuit of pleasure, what countless hours of living death would be avoided.

"My Stranger Husband" is her story, as told by herself. It is a tale of the experience of an ordinary girl, not bad, —just average, who in her eagerness to taste the joys of life tried to force the hand of fate. It is in True Story Magazine for April.

From the safe haven of your own fireside see the mistakes she made, see her thoughtlessly abuse her new found freedom, see the methods by which men she had never met scraped her acquaintance, ride with her on moonlit roads, see the grim joke played upon her by fate in the guise of a man, follow her through months and years of atonement, even to the shadow of the prison wall. Not only a lesson in life, that thousands pay years of tears and agony to learn but a splendid, vivid true story that will hold your deepest interest to the closing word.

It was not the first time she had dropped into a road house for a midnight lunch with a man she had never met before—but tonight this little moth, gaily fluttering around the flame of life, had flown too close.

Vivid Heart-Stories Fearlessly Told

Here Are A Few From The April Issue of True Story Magazine

"The Lure of Green Eyes"—Good looking, an athlete, a splendid student, he led his class in college until he attracted the fancy of Nora Sanderson, beautiful divorcee, woman of the world. Not understanding women of her type, he considered himself as playing a temporary, pleasant role which he could abandon at any time. But when true love came into his life and he tried to break with Nora—but read this amazing story of a mistake that ruins the lives of thousands of young men every year.

"A Fool There Was"—Fresh from the country, he was burdened with self-consciousness, and the morals of ten generations of ministers. By his associates in the city he was considered "just a poor dub." He decided that what he needed was knowledge—knowledge of life—of women—especially of women. He got it—but in a manner and with completeness he could never forget.

"The Price of Silence"—She left her baby on her mother's doorstep to be taken in as a foundling. But, when it became necessary for her to break two loving hearts and bare her own, to forestall an even grimmer tragedy, she realized that sooner or later sin will out.

"A Wife In The Way"—They married—he a brilliant, talented man—she a narrow-minded, shallow incapable woman. Eventually he met the woman who could make him happy. The manner in which these three worked out their destinies makes a thrilling tale of love and tragedy, such as you have seldom read.

"When Hope Seemed Dead"—When a girl who has given her heart to one man, marries another whom she does not love because her parents wish it, is she not working a terrible injustice upon all three? Is not tragedy, suffering, unhappiness and regret almost sure to follow? Would it not be better to defy her parents to do their worst rather than face the terrible consequences and temptations of such an alliance? This story, told by a girl who had to decide these questions for herself will make wonderful reading and give a deep insight into human nature.

True Story a Missionary to Boys and Girls

"It is with much pleasure I give my wholehearted endorsement of your magazine TRUE STORY. It lifts it above the sordid and unnatural types of life which our young people have depicted for them in many of our cheap movies and in much of the literature of today. In addition to acting as an antidote to these, your magazine will create a condition of mind where the actual facts of life can be freely investigated and discussed without fear of arousing a false modesty into indignation. I have long been convinced that to raise the moral tone of our people, we must learn to face the actual facts of life, and deal with these facts on the moral plane. I feel that parents could not do better than to let your magazine be a missionary to their boys and girls so that the great issues of life may be presented in such a way as to free them from the immoral slant which is sapping the reality out of life. What applies to the young is applicable also to adults. If a magazine of this nature were read in every home I believe it would tend to fireside happiness and to the elimination of the many things leading to the divorce courts."

Why True Story Magazine is a Powerful Influence For Good

True Story Magazine is all that its name implies. Its stories of love, romance, adventure, intrigue, passion, wickedness, sorrow, tragedy are stories as they actually happen in real life. The fictionist, novelist and playwright build their stories according to a pattern. Their purpose is only to entertain. The writers in True Story Magazine follow no pattern but life itself. Stripped of all the artificiality that so warps and falsifies life in books, the personal chronicles in True Story Magazine have a depth, a sincerity, a "ring of truth" that not only warns, guides, instructs and stimulates, but at the same time holds the reader enthralled.

When young people are stuffed with less romantic nonsense and are fed with wholesome truth about life as it really is we shall have higher standards of morals and less degradation, sin and suffering. It is because True Story Magazine reflects this philosophy so well that it has become such a powerful influence for good. The April issue is now on the newsstands. COOLIDGE ACTS IN BRIBERY CASE

Prosecution of Accused Congressmen is Ordered

GRAND JURY TO INVESTIGATE

Outgrowth of Evidence Obtained in Chicago

WASHINGTON — (Associated Press) — The charges that two members of congress have accepted money improperly will be submitted without delay to a grand jury here for investigation.

President Coolidge has instructed Acting Attorney General Seymour to "proceed with every diligence in the prosecution of the cases," and the house rules committee, awaiting developments, is expected to withhold action for several days on the resolution for an investigation introduced yesterday by Representative Garrett, the Democratic leader.

The allegation are an outgrowth of unrelated evidence obtained by the Chicago grand jury which indicted Charles R. Forbes and J. W. Thompson in connection with veterans bureau transactions. It is not known that the two men mentioned in the Chicago jury's report are members of the house and it is understood that the charges have to do with applications for pardons or paroles, but their names have not been revealed. It was disclosed yesterday, however, that Attorney General Daugherty while in Chicago last week submitted evidence to the grand jury relating to their activities.

REPORT MADE PUBLIC

John W. H. Crim, government counsel in the government veterans bureau case, made public a section of the Chicago jury's report, which explained it had no jurisdiction over the evidence adduced that did not pertain directly to the bureau matter, and he announced that every effort would be made to run down the various allegations thru a "deliberate" investigation.

The jury summarized the incidental evidence, which it regarded as being of "great importance" as relating to use of official information for "speculation by one or more" government officials; payment of "certain sums of money" to two members of congress; possession of about a month of a file of one of the government departments by persons not officially connected with it; acceptance of money "by certain individuals" (not attorneys) to obtain clemency for prisoners "thru their intimacy with officials" and acceptance of money "by certain individuals (not attorneys)" to get permits for intoxicating liquor "thru such intimacy."

WAR VET STUDENT AT OHIO NORTHERN DIES

ADA. — Charles D. Gootch of Ada, law student at Ohio Northern, died at St. Rita's hospital, following an operation for a nose infection. Gootch was prominent in campus activities, being a member of the Delta Theta Phi law fraternity, ex-president of the Law association, and president of the Democratic club. He was to have graduated in May.

He was a wounded veteran of the World War, and a government student here. Mrs. Irene Gootch, his wife, and Mrs. Alice Gootch, his mother, survive him. Students are planning to have the funeral conducted from the Lohr Chapel.

TOO ASHAMED TO FIGHT CASES, ASSERTS WOMAN NOW AWAITING SENTENCE

Twice forfeiting her bond in criminal court cases because she was "too ashamed to face court" Essie Maley, 35, of N. Union-st, now faces sentence in a liquor case.

Records show the woman to have been arrested a year ago on a charge of disorderly conduct. She left $50 at that time to insure appearance for trial but forfeited the money by failing to appear.

Again last Dec. 1, she was arrested and charged with visiting a disorderly house, depositing $100 against appearance for trial. Again she did not stand trial and forfeited the $100.

Arrested recently on a charge of possessing intoxicating liquor in violation of the law, Essie was unable to provide the $1,000 bond provided in the case and went to jail pending trial.

Criminal court Tuesday found Essie guilty on the liquor charge, Judge Neil R. Poling withheld sentence until he has had time to study the woman's case.

The judge asked her during the trial Tuesday why she had given up a total of $150 rather than stand trial and face conviction or acquittal "Because I was too ashamed to appear," she said.

POLICE TO ENFORCE LAW WHICH BANS AIR GUNS

Spring is near and police are beginning to wage war on all boys with air rifles. The department received their first complaint this year, when Dr. H. R. Myers, 402 S. Nye-st, called at police headquarters and stated that a 12-year-old boy, shot his 12-year-old daughter, Mary Alice, with an air rifle in the back and arm.

Policeman Jennings reported he went to the boy's home and informed him to stay off the street with the rifle or he would be arrested.

Police stated they are going to put a stop to this practice by all means, as an eye can be easily put out with the air guns.

PINE-ST SWITCH WORK TO BE STARTED AT ONCE

Lima City Street Railway Co. Will start work immediately on the S. Pine-st switch south of High school.

Approval of property owners has been obtained by the company for the improvement which will cost approximately $10,000 and improve street cars service which is not satisfactory on that route.

The company purchased the switch last year when the Pine-st proposition was rejected by commissioners and the only thing necessary is placing it on the street, F. A. Bundy, superintendent of the traction company, stated.

A THREE DAYS COUGH IS YOUR DANGER SIGNAL

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two fold action. It soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agency for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. Creomulsion Co., Atlanta, Ga.

LENT THE SEASON FOR MACARONI

EVERY year just before Lent the big Mueller factories in Jersey City are kept hustling to supply the enormous demand for Mueller's Spaghetti, Macaroni and Egg Noodles. Everybody seems to know that for a meatless meal nothing is so nourishing and satisfying.

And every year during the Lenten season, thousands of housewives find to their surprise that there are scores of tempting and delicious ways of preparing Mueller's—that they can make so many tasty, dainty dishes from Mueller's Foods that the whole family welcome them with delight and pass their plates for more.

The result is that, after Lent is over, they go on eating Mueller's Spaghetti, Macaroni and Egg Noodles all the year. They find Mueller's are such nourishing, strengthening foods that meat is not missed—that the whole family feels more energetic and keeps in better health when they eat less meat and more Mueller's.

Macaroni Rarebit

Cook one package of Mueller's Macaroni or Spaghetti 9 minutes. 3 tablespoons butter, 2½ cups grated cheese, 2 eggs (yolks), ½ cup milk, ½ teaspoon mustard, ½ teaspoon salt, ¼ teaspoon cayenne. *Method:* Melt butter, add cheese (grated); stir until cheese is melted; add the yolks beaten with the milk, stir until smooth; season with mustard, salt, and cayenne, add Macaroni. Serve on toast or wafers.

JURY'S FINDING IS AGAINST WIFE

Mrs. Harris Misrepresented Self to Husband, is Verdict

CHASTE CLAIM NOT ACCEPTED

Case up for Final Decision Next Monday

NEW YORK — (United Press) —Eleanor Elaine Lee Harris, falsely represented to her husband, Beverly D. Harris, former vice-president of the National City Bank, that she was a pure and chaste woman, of a distinguished southern family, a jury in the banker's annulment suit found after four hours and 24 minutes deliberation last night.

But Harris, had he been diligent, might have found out the truth before marriage, the jury held in answering certain questions. The answers will be submitted to a special term of the supreme court next Monday for final decision, as the suit was one of equity.

Mrs. Harris answered her husband's charge that she was the mistress of Eli Raynor, a Memphis gambler, by claiming to be the latter's illegitimate daughter. She placed upon a "Sister Susie" blame for many things charged against her by her husband. The jury's verdict virtually said her relations with Raynor were improper and that there was no "Sister Susie."

QUESTIONS PRESENTED

The questions, with the verdict of the jury, were:

1—Prior to marriage of the parties, did the defendant represent the plaintiff.

(a) That she was a member of the Lee family of Memphis.

(Answer(— Yes.

(b) That Eli Raynor was her uncle?

(Answer — Yes.

(c) That Mrs. Hoscar Harris was her aunt?

(Answer) — Yes.

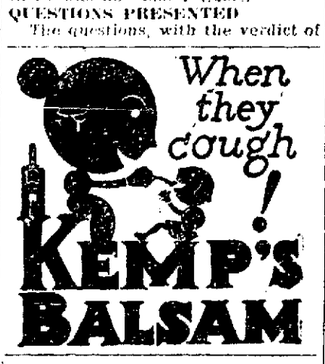

(d) That she was a pure and chaste woman?

(Answer) — Yes.

2—Were said representations true or false?

(Answer) — All false.

The verdict sustained all Harris' charges against his beautiful young wife—held to be not so young by the jury—but found that the banker did not exercise "reasonable diligence" in finding out the facts.

DON'T PERMIT A WINTER'S COUGH TO CLING TO YOU

With real wintry weather delayed until late in the season, and with the variable temperatures of the past few months, thousands of persons have contracted coughs and colds. The wisest thing to do is to get rid of such a cough or cold as quickly as possible. The longer a winter's cough clings to you, the harder it will be to get free of it.

Where the system may be run down, or where a cough becomes persistent, and especially troublesome at night or in the morning upon arising, Eckman's Alterative, the calcium tonic, will do much to build up strength and banish the cough.

P. J. Aschenbach, of Reading, Pa., who used Eckman's Alterative to build up his health after he contracted a heavy cough and cold, writes that in a short time his cough ceased and he gained weight and strength.

Stubborn Coughs

Stop Quick With Home Made Cough Mixture

Not until you make your own cough mixture—a half pint of it for a small sum—will you know how easy it is to stop any bad persistent cough as if by magic.

It's pleasant-tasting, but that don't stop it from knocking out a cough quicker than anything else in the world. Children love it.

Get from any druggist one ounce of Parmint (double strength)—to this add a little granulated sugar and enough water to make one half pint—that's all there is to it.

This loosens the phlegm, stops the irritation, allays the inflammation, cleans out clogged nostrils, makes breathing easier, and causes sore throat and hoarseness to disappear.

With speed almost beyond belief this home made cough mixture stops the toughest hang-on cough, and all because in it there is a substance (too costly for ordinary cough syrups) that immediately covers the membrane like a soothing healing poultice and blessed relief comes at once.

And it is always worth while to bear in mind that any remedy that overcomes catarrh, partially or wholly, is bound to be of benefit to those who are troubled with head noises and catarrhal deafness.

Get Parmint and get better.

Ox Gall Treatment Ends Liver Trouble

Overcomes body poisons that cause diseases of heart, kidneys and high blood pressure

All the blood in our bodies passes through the liver every 15 minutes. The liver is the blood's purifier.

Our blood is constantly poisoned by body *toxins formed in food* waste, and when the liver becomes weak, or torpid, it cannot perform its work of purification and our systems are at once tainted by impure blood. These are the poisons that, if not destroyed by the liver, cause diseases of the heart, kidneys, blood vessels and create premature old age.

Nature gives quick warning of a torpid liver. You have sudden sick headaches, dizzy spells; your stomach is acid from sour bite, your skin turns sallow, blotchy.

Doctors know the liver cannot be regulated by drugs, but a safe Nature substance has been discovered which will act directly on the liver. The discovery is purified ox gall.

Get from your druggist a package of Dioxol. Each tablet contains ten drops of purified ox gall. In 24 hours the poison toxins will be removed. Your liver will be regulated. Blood purification will begin. Sallow skin will clear. You will feel so much better you will know you have found the cause of your ill health. Dioxol tablets are harmless, tasteless and cost less than two cents.—Adv.

RHEUMATISM GONE TOO SAYS RUDOLF SCHORI

Feared He Would Be Crippled For Life Was Forced To Quit Work For 15 Months — Tanlac Brought Relief.

"I don't know anything better I could say for Tanlac than that I am still enjoying the good health it brought me six years ago," recently stated Rudolf Schori, 221 East Main St., Fort Wayne, Ind.

"While running a meat market in Worthington, Iowa, I got a case of rheumatism which I feared would cripple me for life. My arms were so stiff and painful I could hardly put my clothes on in the mornings. Shattered nerves, biliousness, headaches and indigestion combined with the rheumatism got me down to where I had to lay off from the market fifteen months.

"Well, it was at this time that I began taking Tanlac. Six bottles of the medicine put me in such fine shape that my customers were amazed and I often had to explain what had rebuilt my health and strength. Tanlac certainly made life worth living for me."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

NEW TREATMENT RIDS YOU OF RHEUMATIC PAINS QUICKLY

No Medicine to Take. Results Guaranteed by Local Druggists

The well-known physicist, Alessandro Volta for whom the electric volt was named, has made a scientific discovery that produces marvelous results with the most stubborn and agonizing cases of rheumatism, where the old-fashioned risky internal drug treatment has failed.

This famous discovery, which revolutionizes old ideas about the cause and proper treatment of rheumatism, is an external remedy, intended to be absorbed into the blood through the myriad pores of the feet.

The eminent Italian scientist has compounded a powder called Volta, that is intended to be a powerful and active Uric Acid solvent. This marvelous powder, when shaken into the shoes or stockings, is intended to be absorbed almost immediately into the blood, thus acting upon certain poisons now definitely determined to be the cause of most rheumatic agony.

So remarkable and rapid have been the results from the use of Volta powder, both in this country and in Italy, that the American distributors have authorized local druggists to dispense Volta with an unqualified guarantee of relief from the use of the very first package or your money will be refunded.

If you suffer from rheumatic pains, Sciatica, Lumbago, Gout or Neuralgia, you owe it to yourself to try this startling scientific treatment. It is absolutely harmless and will not cost one cent if you do not receive wonderful relief.

You can get a box of Volta from such good druggists as, Argonne Drug Store, Baldwin's Central Drug Store, Enterprise Drug Store, Green's Public Drug Store, Raymond R. Horn, Hunter's Drug Store, Interurban Drug Store, Keltner's Drug Store, Marmon Bros. Drug Store, Mykrantz Drug Store, Vortkamp's Drug Store. adv

PYORRHEA

New York Dentist Says

"My experience with Jo-Vex last summer was very satisfactory. In fact, I believe it to be the best agent in the treatment of all gum diseases I have used in the past thirty years."

If you have pyorrhea you can use Ju-Vex at home and very quickly tighten up loose teeth, stop bleeding gums and soreness and in a few weeks be rid of pyorrhea forever.

Hunter's and Enterprise Drug Stores and good druggists sell it and guarantee it. It hasn't failed yet. adv

Widower Congratulated

"Since my wife's death, five years ago, I have suffered greatly from stomach and liver trouble and gas attacks. I lost over 50 lbs., and at times was as yellow as saffron. My doctors could not help me. Six doses of Mayr's Wonderful Remedy have entirely cured me. I have regained my weight and every one is congratulating me how well I look." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Adv.

Thin Men Skinny Men Run Down Men Nervous Men

You probably know that Cod Liver Oil is the greatest flesh producer in the world.

Because it contains more Vitamines than any food you can get.

You'll be glad to know that Cod Liver Oil comes in sugar-coated tablets now, so if you really want to put 10 or 20 pounds of real healthy flesh on your bones and feel well and strong ask Hunter's Drug Stores, Enterprise Drug Store, or any druggist for a box of McCoy's Cod Liver Oil Tablets.

Only 60 cents for 60 tablets and if you don't gain five pounds in 30 days your druggist will hand you back the money you paid for them.

It isn't anything unusual for a person to gain 10 pounds in 30 days. —Adv.

NOW ENJOYS BEST OF HEALTH

Plant Juice Relieved Her Nervousness, Dyspepsia, Awful Pains in Back

STATES IT IS WONDERFUL

"I was surprised when I went to visit a relative of mine recently to find her a well woman. She had been ailing for years and I could hardly believe my own eyes when I saw the change in her and when she told me Plant Juice did it I started taking your Plant Juice right away, and I want to say that it has

MRS. H. B. RUDD

restored me to health," said Mrs. H. B. Rudd, of 44 S. Seventeenth Street, Newark, N. J., while talking recently with the Plant Juice Man.

"I underwent an operation several years ago and afterward it seemed like I couldn't get back my strength. And I was so nervous I couldn't sleep and if anybody even touched me I would jump. I had indigestion and dyspepsia and would bloat with gas and swell up so bad at times that I would have to unloosen my waist and unlace my shoes. My bowels were constipated, liver and kidneys inactive and I had bilious attacks and sieges of headaches that lasted for days. And I had terrible pains in my back and awful pains of Neuritis in my shoulders which would nearly make me scream.

"But your Plant Juice has changed all of this, just as my relative said it would and has made me a well woman, just as it did her. My appetite has returned and I eat most anything without misery afterward—no gas, bloating or swelling. And my bowels are regular; liver and kidneys work fine and I haven't had a bilious attack or a single headache since I started taking Plant Juice. The pains have left my back and only occasionally do I notice a slight twinge of the Neuritis in my shoulders. My nerves are quieted; I sleep well and I know if any sufferer will try Plant Juice they will not waste their money for it surely is a wonderful medicine."

Plant Juice is sold in Lima at the Hunter Drug Stores, 49 Public Square and Main and Wayne streets, and at the Argonne Drug Store, opposite postoffice.—Adv.

PLANS BEGUN FOR DAUGHERTY CASE

Wheeler Makes Preparations for Investigation

WILL NAME AIDE SOON

Alleged Failure to Prosecute to be Probed

WASHINGTON — (United Press) —The Daugherty investigation will open with an inquiry into the department of justice's failure to prosecute 35 cases turned over to it by the federal trade commission, it appeared probable here today.

Difficulty encountered by Senator Wheeler, Montana, prosecutor of the investigation, in whipping other "leads" into shape for presentation to the committee when it opens hearings next week, is responsible.

Wheeler has not yet picked the law clerk who will aid him in sifting the material in the committee's hands and its huge quantity precludes his making any progress tackling it alone.

FEDERAL TRADE CASES

The committee is able to proceed at once to the consideration of the federal trade cases, because the department recently submitted a report on its conduct of them in response to a senate resolution.

The committee is conferring with persons believed to have information concerning the department's activities in its search for evidence.

Yesterday some of the members talked with John W. H. Crim, special assistant attorney general who prosecuted the veteran's bureau cases at Chicago.

Gaston B. Means, former department secret agent and soldier of fortune with a romantic record, is reported to have been in consultation with the committee.

Search for an experienced investigator to aid the committee is being pushed. William J. Flynn, former director of the bureau of investigation is understood to be under consideration.

BENEFIT BRIDGE TO AID PUBLIC LIBRARY AT ADA

ADA — Fifty tables have been planned for and plans are being made to care for 250 guests at the Ada Public Library benefit bridge which will be held Saturday afternoon, March 8, in the Odd Fellows hall. The proceeds from the benefit will be used to enlarge the library. Mrs. George Stambaugh is chairman of the committee and she reports that additional tables may be required to care for the guests.

SWITCHMAN LOSES ARM AS RESULT OF ACCIDENT

Injuries suffered by John Stover, 35, of 305 E. North-st, switchman at the B. & O., necessitated the amputation of his right arm three inches below the shoulder Wednesday morning.

Stover was injured early Wednesday morning when he caught his arm between two cars which he was coupling in the north yards, almost severing the member. He was removed to City hospital in Williams & Davis ambulance where amputation was made. His condition was reported as serious.

Stover's home is in Covington, Ohio.

LOBBY PICTURES STOLEN

Robert Shaw, manager of the New Orpheum theatre reported to the police that late Tuesday night some one took a mat containing pictures of actors from the entrance. Police are now working on a clue, and will soon have the "picture taker" in the reach of the law, they believe.

RECORD CROWD

KENTON—(Special)— More than 10,000 persons paid to see games in the district basketball tournament here last week. This is said to be a state record.

MOTHER!

Child's Best Laxative is "California Fig Syrup"

Hurry Mother! A teaspoonful of "California Fig Syrup" now will thoroughly clean the little bowels and in a few hours you have a well, playful child again. Even if cross, feverish, bilious, constipated or full of cold, children love its pleasant taste.

Tell your druggist you want only the genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother, you must say "California." Refuse any imitation.—Adv.

AUTO MONEY HERE

City Receives $20.879 As Its Share of State Funds

Distribution of automobile license money received from the state for road maintenance and repair in Allen-co was commenced Wednesday.

Auditor C. R. Phillips, received a check for $36,269.55. He drew a check for $20,879.18, Lima's share of the money, and sent it to Josiah Jones, city treasurer.

Rural districts in the county will receive $10,048.50 in license money.

WATCH, CASH TAKEN

Police are investigating the theft of a gold watch, $1.50 in cash and two street car tickets, property of Bernard Crites, 113½ Reese-av, from a locker at the Y. M. C. A. while Crites was playing basketball Tuesday evening between 6 and 7 p. m.

LUDWIG FOR CONGRESS

L. E. LUDWIG, Lima attorney, is a candidate for Congress from the Fourth district. He announced his candidacy on the Democratic ticket yesterday and will be before the voters at the coming primary.

Ludwig needs no introduction in Allen-co. He is well known as a hard-working, conscientious attorney. He is equally well known for his political affiliations and his church work.

This product of Allen-co has all the requirements essential to a candidate from this district. He is a conscientious "dry" but not a fanatic. But he is DRY and will not seek to leave any other impression with the voters.

Ludwig comes from the west end of the county. Everyone in that section who remembers the old country schools remembers his father, Charles Ludwig, for 40 years a teacher in the schools. Ludwig also was a school teacher while he worked his way thru college.

He has been active in Democratic circles in this county for years. He will have to get about a great deal in the other counties of the district for his acquaintance in the southern end is limited. This should be easy for a man who makes friends as readily as does Ludwig. And he has a faculty of keeping friends once he makes them.

MAN EXPLORES HIS PRISON

FIVE thousand years ago, in the Stone Age, primitive men in England used jagged flint tools to fell a big oak tree. They hollowed out of the trunk a boat 11 feet long and three feet wide.

This boat, the most ancient ever discovered, is dug out of the Elmley Ferry Marshes, deep down in the mud that had preserved it from decay.

Picture the men who slowly and laboriously carved this boat into shape. They knew nothing of the earth except the territory of a few miles in which they roamed. But some thing urged them to explore farther and farther thru the dense forests. The same something prompted them to make the tree-trunk boat and venture down the nearby waterway.

That "something" was CURIOSITY, the mighty force behind all progress.

SCIENTISTS believe that man has lived on earth at least 500,000 years. Yet it was not until 431 years ago that Europe, which at the time imagined itself highly civilized, learned of the existence of the American continent thru the curiosity of Columbus.

In a few centuries we have mastered the unknown parts of the world until only a small section of the globe remains uncharted.

We can go virtually anywhere we desire, on land and on sea.

With land and sea conquered, and inquisitive man even traveling under the water in submarines, only the ocean depths and the air remain for exploration.

Prophecy is dangerous in science, but it seems improbable that explorers ever will get very deep in the ocean. They can learn the secrets of the ocean's depths by clawing dredges at the end of long cables. They can lower strong cameras, electrically operated and emitting enough light to take pictures at certain depths. But man never will be able to go in person, in submarines, to the deepest floors of the ocean. There the terrible weight of water would crush the explorer and his craft.

SO we turn to the air, are mastering it swiftly in the matters of speed and distance close to the earth's surface. Visionaries dream of a time when man will fly out among the stars, exploring other worlds.

This is romantic, fires the imagination. But the flying machine as now constructed must have air in which to fly, same as a fish can swim only in water. And at some distance, estimated at 100 miles or less, our earth's atmosphere ends.

Beyond that, the temperature is at least 100 below zero. Can we build craft that will fly out there?

FREE AMERICA

THE bulk of the nation's new population, by immigration, is settling in the big cities of the east and central west. A fourth of them make their new homes in New York state alone.

Factory wages are the lure.

How many come to America to seek money? How many for freedom and our institutions? Puzzling questions.

o o o o o

Bank clerks are striking in Austria because they handle so much money and get so little.

REMARKABLE THAT THEY WORK AT ALL

Physicians ought to lay it down as a canon of sound and healthful existence that the bowels can and will act daily and naturally. By naturally I mean without medicament or extraneous help.

The foregoing paragraph I lifted almost bodily from an article by a British medical practitioner ina recent number of the Medical Press and Circular, London. The author may be a Harley street specialist for all I know, and no doubt an eminent one.

To go on retrieving, our presumably eminent and therefore probably Harley street specialist, after running along for four ages in that fashion, gets off a half page paragraph which I should like to quote in full but must perforce contract somewhat:

"All food must be nourishing and digestible." Here is where I cross swords with present practice. Why, when nature points out that the time has come for a change of diet, should we direct the contrary? All food ought to contain a considerable portion of indigestible substances, for it is this part of the ingesta which passes thru the entire length of the alimentary tube and acts as a gentle stimulus. The contents of the colon ought to be indigestable and bulky. We find, however, that as much as possible of those things that are considered indigestible are rigidly and purposely excluded from the diet of all young children. I refer principally to the skins of fruits and vegetables—for example, of apples and potatoes, the stalks of vegetables, for example cabbage, the skins of animals, and such like things, whereas in every case they ought to be included. We find that young children are not allowed to eat hard food because, forsooth, they would damage their teeth, whereas under the present regime we seldom discover a child with sound teeth, tho all teeths are sound when they first appear. Further, as a result of want of use of the muscles of the jaw, the mouth and throat do not develop as they should, the throat becomes too easily blocked with thickened adenoids or tonsil tissue and nasal breathing is impeded. We find that these children are constantly dosed . . . .

Ain't it the truth!

Hippokrates was one of the first physicians to decry the physic habit. He said, quite a while before I began to discourage it, "a healthy man who takes evacuants does himself as much harm as he would by taking bad food." The father of medicine also taught that doctors who purged their patients on the odd days of the month killed them!

Appetite Gone?

A tempting, delicious looking meal—all the choicest morsels from a well stocked pantry. The fragrant aroma of all these good things failing to put a keen edge on your appetite—failing to arouse, in any degree, a hardy relish for the food so attractively placed before you. Why?

Scores of men and women are faced with the same misfortune. After a day of toil—when they are tired—when good things to eat should be ravishly sought to recharge their vitality and fit them for play time—their stomachs turn. They are worn down, played out. Food has no appeal. To them it is sickening. The aroma of appetising things nauseates them.

Red blood cells are missing. Red blood which should be coursing through your veins strengthening your vitality—adding to your strength—keeping you healthy and fit—is not to be found.

S. S. S. is what is needed. Your blood needs purifying. What use is an automobile without a battery? What advantage is a dynamo without electricity? Your body is a human dynamo. Your blood cells supply the energy which keeps your body well and fit. Weakened blood cells make you like the storage battery with dry cells—power is lacking—energy gone—productive qualities at the lowest ebb. S. S. S. supplies the red blood cells—the spark that recharges your system.

Mr. James Chaloupka, Sherman School, Chillicothe, Ohio, writes: *"I feel like a new man after taking S. S. S. It gave me a better appetite and cleared my skin of pimples and black heads."*

Carefully selected, scientifically proportioned and prepared herbs and barks make up S. S. S.—the great blood purifier. Give nature a helping hand. Get back the lost appetite—the missing vitality—the keen, sparkling eyes—that look of determination. The best way to start back over the road to well being is with S. S. S. Nerves will become stronger. S. S. S. will give you more energy, vitality and vigor, and a more "up and going" appearance.

S. S. S. is sold at all leading drug stores. Try a bottle and see for yourself. The large size bottle is most economical. Get one today.

JUST FOLKS

BY EDGAR A. GUEST

THE PREACHER'S SON

The preacher's son! Eyes off him, please!
Away with all your dignities!
A boy's a boy, despite the coat
And collar round his father's throat.
Drape not his childhood days in black,
Nor whisper things behind his back.
Nor write for him a sterner code
Than other children down the road;
Steal not from him one hour of fun
Because he is a preacher's son.

Why do you watch the preacher's boy
And censor his brief time of joy?
Why shake your heads and gravely say
His child should walk a narrower way
Than your's or mine? When mischief breaks
We smile at other boy's mistakes;
Others from grim perfection fall
And no one mentions it at all.
Yet at some petty wrong he's done,
The world exclaims, "The preacher's son!"

So, for the preacher's boy I plead—
Grant him a normal life to lead,
Young, full of life, is he, and vim,
Do not expect too much from him;
Let him be free to romp and play
And be a boy with boys today.
Do not with a censorious eye
His petty failings magnify;
The days of youth are swiftly done,
Don't spoil them for the preacher's son.

RUB CHEST COLDS AWAY: STOP PAINS

Pain and congestion is gone. Quickly?—Yes. Almost instant relief from chest colds, sore throat, backache, lumbago follows a gentle rubbing with St. Jacobs Oil.

Rub this soothing, penetrating oil right on your chest and like magic relief comes. St. Jacobs Oil is a harmless liniment which quickly breaks chest colds, soothes the inflammation of sore throat and breaks up the congestion that causes pain. It never disappoints and does not burn the skin.

Get a 35 cent bottle of St. Jacobs Oil at any drug store. It has been recommended for 65 years.—Adv.

(BY GERTRUDE GILLHAM)

EVERY time Gloria Swanson leaves her apartment these days she finds herself being confronted with the question, "Why Gloria, aren't you dead?"

Gloria has been reported dead so many times in the last four months that she is beginning to feel worried. Last week every newspaper in New York received a tip by telephone that Miss Swanson had died in a small village on Long Island and when developed all sorts of trouble. Eventually it was learned that she hadn't been on Long Island since she had moved to the city last October.

Undertakers in New York developed the habit of answering all calls after 9 p m with the sterotyped reply "No, we haven't Miss Swanson's body here She isn't sure now that she isn t dead, but is fighting bravely against the thought

"As soon as I am dead my secretary will telephone every paper in New York," Miss Swanson is reported to have said In the meantime it is to be stated that she is far from dead and a very live detective agency is at work trying to locate the persons conveying this information.

Manager Cunningham of the Quilna theatre where Gloria Swanson's latest picture "The Humming Bird" is now appearing, has received numerous calls during the past week concerning the star's death.

AND COMEDY

(BY CADJE)

I MENTIONED the fact to Al Jolson, before the curtain went up on "Bombo" Tuesday evening that there had been a persistent rumor to effect that he would not go on in Lima; that his work would be left to his understudy. "Malicious or ignorant," was his parry; and then in a joking manner he said "there ain't no such animal with my show, and there ain't apt to be; never had any use of one."

But what of the show; of "Bombo?" Native; indigenous is perhaps where lies its popularity; but from an esthetic point of view, basic qualities seem lacking, and in this respect let us not condemn, for Bombo follows in the same rut as many others—that the esthetic has been compelled to accept the fundamentals which prevail. It is a big, gorgeous glittering production, and with an artist like Jolson, himself surrounded with hosts of splendor, jazzers and appocalptic dances, the result was one that will be talked about for a long time. Jolson is a simple and a fundamental artist. People praise him for that. But it is doubtful if the production was half as well liked as the popular comedian; whether with a few clever vaudevillians, he wouldn't have given just as complete satisfaction as with such a tremendous undertaking of the spectacular.

But let us not forget, theatrically we're on the map. Jolson said that the tourist would have returned from New York, after being gulled by scalpers, for a seat in the Winter Garden which cost $10 or $15 "tickled to death" to tell about it, while this great big show, with this most popular of favorites came knocking at our own doors. We're lucky.

Tryouts for the play "Ruth in a Rush" to be given by the Tatapochon club late in the month will be held Wednesday night at the Y. W. C. A. Mrs. O. N. Young is coach.

An audience of 235 people filled the Y. W. C. A Tuesday night to see "My Irish Rose," a play given by the Thirty Year club Miss Betty Dirr, as the leading character Rose Creigan, played the part splendidly.

Taking Inventory

At this time of year taking inventory is very much in vogue.

Why not apply the same principle to yourself? Your physician is the one to check you up and tell you of your health reserve and stock in trade.

It will help you immensely to know just how much you have drawn on your heart—how your lungs and kidneys are prepared for the year ahead—how every vital organ is situated regarding its ability to go along as you want it to.

A physical examination is often of value out of all proportion to its small cost and the trifling time required.

Always trust your physician to help you guard your health

SUSIE SMART'S ADVICE

Dear Miss Smart:

AS we are daily readers of your column, we are coming to you for advice. We are two girls of the age of 18 and 16 and are very much in trouble. We have been going with two very respectable young men of this vicinity. We always go in an automobile together. Do you think there is any harm in this, if we all go together?

They have both proposed to us, and we're not certain what to do—that is accept their proposal or go to college. Because are parents are very, very poor and these young men are both from very wealthy families.

Is a girl of 16 and 18 too young to get married in Michigan? And also are boys of 19 and 20 too young? Would it be all right if we would leave without our parents' consent?

We both have brown eyes, brown hair and a brunette complexion. We are both 5 feet tall and each weigh 115 pounds. Are we too heavy for our age? What colors of material would be best for our wedding dresses? Should we have a church wedding or a private wedding? Is it proper for these young men to kiss us good-night? Since we have always been near friends would it be alright for us to buy a little modern home and live together?

When we are engaged is it proper for us to stop running with the rest of our classmates and friends?

How is our writing?

JERRY AND JACK

NO, Jerry and Jack, there is no harm in you two couples having good times together, but why think of marriage so soon? Especially, when both you girls are still in school and could gain so much more if you were to be able to go to college. Why not tell the young men that you like them, enjoy their friendship and your good times together but that the thought of marriage now is ridiculous.

A girl cannot be married in Michigan without her parents consent until she is 18 years of age; with their consent, 16 years. A boy may be married when he is 18 in Michigan, without his parents' consent. No, don't think of being married without your parents' knowledge of your plans, either now or in later years.

A girl of sixteen years of age should weigh 115 pounds and a girl, eighteen, should weigh about 125 pounds.

Yes, do not go about with young men other than your fiancee—when you are engaged.

Good.

* * *

Dear Miss Smart:

[illegible]

BLUE EYES

Without their parents' consent, a boy and girl must each be 21 years of age before securing a marriage license in Kentucky. However, with the parents consent, a girl, 12 and a boy, 14, may be given a license.

Yes.

* * *

Dear Miss Smart:

I am a Junior in High School. I have heard that Gloria Swanson died recently. Is this authentic? Is the Humming Bird her last picture? I didn't read about her death in the newspapers.

What do you think of my writing?

PATSY

No there is no truth in the report Miss Swanson, however did suffer from temporary blindness, a victim of the powerful "Kleig" lights in the studio. She returned to her work within a week's time and is enjoying perfect health now. Yes, The Humming Bird is her latest picture.

It is very good.

RISNER STILL MAINTAINS HE SHOT TO SAVE SISTER WHO BACKS HIS CLAIMS

KENTON — (Special) — Leck Risner, 21, still maintains he took the life of his brother-in-law, Charles Harvey, 35, to protect the life of his sister and her four children.

"If I had not killed Charley, he surely would have killed my sister and her four children, just as he threatened to do," Risner said Wednesday in an interview with a Lima News representative.

Sympathy thruout the village of McGuffey, where both the principals in the shooting affray were well known, seems to be with the youthful slayer wh ofired the fatal shots thru a window in his sister's home when she was the victim of her husband's drunken wrath.

Risner is in Hardin-co jail here awaiting indictment before the April ter mof the grand jury on a second degree murder charge. He surrendered to police after the shooting.

Mrs. Harvey substantiated her brother's story and is fighting for his exoneration. She reiterated Risner's story of brutalities heaped on her by her husband and of threats made against the life of her and her brother.

ALCOHOL MONOPOLY

WARSAW —The Polish government is preparing to introduce the alsohol monopoly in 1925, by which it is erpected to increase the revenue to 200,000,000 Swiss francs. Present taxes on alcohol amount to about 80,000,000,000 Swiss francs yearly.

DOLLAR GAS FOR KENTON

KENTON — (Special) — Flat rate of $1 for gas with an 85 cent sliding scale for consumption over 1,000 cubic feet was announced Wednesday by Hardin-Wyandoy Lighting Co. in a petition to the state utilities commission. The existing schedule provided a straight rate of 70 cents per thousand cubic feet.

I will be glad to tell what it will do, to any woman who will let me know her address."—Mrs. ROSA DAKAN, 2227 S. 11th St., St. Joseph, Missouri.

Back To Normal Health

New Orleans, Louisiana.—"I took Lydia E. Pinkham's Vegetable Compound while I was carrying my child and I must praise it highly because I never suffered one day during that time and could do all my housework and had a very easy confinement. I am still taking the Vegetable Compound because I have a weakness due to working around the house too soon after my baby was born. But thanks again to the Vegetable Compound I am getting back to normal health once more. I advise any woman to take it."—Mrs. A. MEYN, JR., 2019 Touro St., New Orleans, Louisiana.

Not A Bit of Trouble

Wilmington, Delaware.—"I was nervous and weak and not at all regular. I worked in a factory at the time and could not work very much. I was sick over a year, then a friend told me about Lydia E. Pinkham's Vegetable Compound and I started to pick up as soon as I began taking it. Then I took it again before my first baby was born and I never had a bit of trouble. I recommend it highly."—Mrs. JANE CROSSAN, 612 Pine St., Wilmington, Delaware.

Lydia E. Pinkham's Vegetable Compound has helped many other women just as it has helped Mrs. Dakan, Mrs. Meyn and Mrs. Crossan.

Consider the statements of these women. They give you the benefit of their actual experience with the Vegetable Compound.

A nation-wide canvass of women purchasers of the Vegetable Compound reports that 98 out of every 100 have been benefited by its use.

This is a remarkable record and proves the dependability of the medicine for the relief of the troubles women often have.

For weak and run-down conditions so common after child-birth it is well adapted. It strengthens and tones up the system and restores normal health.

The Vegetable Compound contains no harmful drugs or narcotics and can be taken in safety by the nursing mother. For sale by druggists everywhere.

Advice For Mothers

You Cannot Afford to Overlook One Word of This

Cambridge, Ohio — "When my baby was six months old I had gone down in health with inward weakness so that I could not get around to do my housework or care for my baby. I was just about 'down and out' when I started to take Dr. Pierce's Favorite Prescription. The first bottle proved to me that I was taking the right medicine and six bottles helped me to get around to do my work as easily as before my illness. Favorite Prescription really did do wonders for me and I am glad to recommend it at every opportunity."—Mrs. M. E. Stephenson 4171 Long St.

Obtain Dr. Pierce's Prescription now, in liquid or tablets, from your druggist or send 10c for trial pkg. of tablets to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., or write for free medical advice.—Adv.

Is Winter Time Your Backache Time?

Does Your Back Foretell Every Change of the Weather? Do You Feel Old and Stiff and Suffer Sharp, Rheumatic Pains? Then Look To Your Kidneys

DOES every cold, chill or attack of grip leave you lame, stiff and achy? Are you nervous and depressed; feel tired, worn-out and miserable? Does your back throb and ache until it seems you just can't keep going another day?

Then look to your kidneys! Grip, colds and chills throw a heavy strain on the kidneys. They overload the blood with poisons and impurities that the kidneys have to filter off. The kidneys are apt to weaken under this rush of new work; become congested and inflamed.

It's little wonder, then, that every cold finds many folks suffering with torturing backache, rheumatic pains, headaches, dizziness and annoying kidney irregularities.

If this is the case with you, don't risk neglect! Help your weakened kidneys with a stimulant diuretic. Begin using Doan's Pills. Doan's have helped thousands. Local users testify to their worth. Ask your neighbor!

"Use Doan's," Say These Lima People:

George Lentz, 422 Pearl-st, says: "My kidneys got out of order and I had to lay off work. The action of my kidneys was so free the secretions passed every few minutes. I had a steady, dull ache across my kidneys and I could scarcely stoop. Doan's Pills procured at the Central Drug Store relieved me."

Mrs. Kate Ayers, 660 N. Union-st, says: "I have used Doan's Pills at different times and have always found them a reliable remedy. I had attacks of backache and a run-down, tired feeling, usually brought on by a cold settling on my kidneys. The action of my kidneys wasn't regular, so I used Doan's for these attacks. They soon brought relief, strengthening my kidneys and relieving the backache."

Colonel Holles, soldier and adventurer, returns to England, his native land, when war with Holland is declared. It is dangerous for Holles to secure a commission in the English army because the name of Randal Holles, father of the colonel, appears on the warrant for the execution of the late king. A friend of the colonel, named Tucker, is wanted for plotting against the government. Because Holles has been seen in Tucker's company, a warrant is also out for his arrest.

His Grace of Buckingham hires Holles to abduct the actress, Sylvia Farquharson. He waits for Sylvia to leave the theater, then, with the help of hired rogues, he carries off the actress. When passersby hear the girl's screams Holles tells them that she is delirious with the plague.

NOW GO ON WITH THE STORY

That checked their swift advance.

Miss Farquharson, who had overheard the Colonel's warning and perceived its paralyzing effect upon those rescuers whom she had been regarding as Heaven-sent, leaned forward, in frenzied fear that the trap was about to close upon her.

"He lies! He lies!" she shrieked in her terror. "It is false! I have not the plague! I have not the plague! I swear it! Do not heed him, sirs! Do not heed him! Deliver me from these villains. Oh, of your charity, sirs . . . in God's name . . . do not abandon me, or I am a lost woman else!"

They stood at gaze, moved by her piteous cries, yet hesitating what to believe. Holles addressed them, speaking sadly.

"She is distraught, poor soul. Demented. I am her husband, sirs. And she fancies me an enemy. I am told it is a common enough state in those upon whom this terrible disease has fastened." It was a truth which all London was aware by now that the onslaught of the plague was commonly attended by derangement of the mind and odd delusions. "And for your governance, sirs, I should tell you that I greatly fear I am, myself, already infected. I beg you, then, not to detain me, but to stand aside so that we may gain our home before my strength is spent."

HE STAGGERED FORWARD AND FELL ON HIS KNEES.

Behind him Miss Farquharson continued to scream her furious denials and her piteous entreaties that they should deliver her.

If they still doubted, yet they dared not put their doubts to the test.

Aghast, spent by her effort, Miss Farquharson sank back with a moan, leaving herself exhausted and abandoned. But when one of the chairmen, in obedience to an order from the Colonel, pulled the apron open, she at once leapt up and out, and would have gone speeding thence but that the other bearer caught her about her slender body, and held her firmly whilst his fellow wound now about her head a long scarf which Holles had tossed him for the purpose. That done, they made fast her hands behind her with a handkerchief, thrusting her back into the chair, and closed her in.

Forth went they away to the left, and up the steep gradient of Paul's Chain, and lastly to the right into Knight Ryder-st. Before a substantial house on the north side of this, between Paul's Chains and Sermon Lane, the chair came to a final standstill and was set down. The roof was raised, the apron pulled open, and hands seized upon her to draw her forth. She hung back a dead weight, in a last futile attempt at resistance. Then she was lifted in strong arms and swung to a man's shoulder. Thus Holles bore her into the house, wherein the chair, the poles having been removed, was also presently bestowed. The Colonel turned to the right of the roomy hall in which two silent figures stood at attention —two French lackeys—and entered a moderate-sized chamber, somberly furnished and somberly wainscoted from bare floor to ceiling. In the middle of the room a table with massive legs was laid for supper, and on its polished surface gleamed silver in the light from the great candle-branch that occupied the table. The long window overlooking the street was close-shuttered, its curtains drawn. Under this stood a daybed of cane and carved oak, with velvet cushions of a dull wine color. To this daybed Holles carried his burden. Having set her down, he stooped to remove the kerchief that bound her wrists.

It was a compassionate act, for he knew that the pinioning must be painful now to her arms. Under the broad brim of his hat, his face, from his exertions, gleamed white, his lips were tightly compressed. Intent upon the accomplishment of the business as he had been, he had given little thought to its ugly nature. Now suddenly this figure, at once so graceful, so delicate and frail, the perfume that she used assailed his nostrils conveying to him a suggestion of her daintiness and femininity, disgust of the deed overwhelmed him, like physical nausea.

He turned away, to close the door, tossing aside his hat and cloak, mopping his brow as he went, for the sweat was running down him. Whilst he was crossing the room she struggled up. Her hands being now at liberty she tugged and tore at the scarf until she loosed it so that it slipped down from her face and hung about her neck and shoulders above the line of her low-cut modish bodice.

He closed the door and turned again, to face her. He attempted to smile away the hangdog expression of his countenance.

"... me to depart at once, you shall . . ."

Then she found her voice. Hoarse and tense came her voice at last:

"Who are you? What . . . what is your name?"

He stared in his turn, checking in the very act of mopping his brow, ... he saw in him to be moving her so oddly.

"... Randal Holles!" she cried on a wild, strained note.

He drew back a step in a sort of consternation, breathless, some sudden pain tearing at his heart, eyeing her wildly, his jaw fallen, his face as white as a dead man's.

"Randal Holles!" she repeated in that curiously tortured voice. "You! ... and to do this thing!"

Where there had been only wild amazement in her eyes, he beheld now a growing horror, until mercifully she covered her face with her hands.

For a moment he copied her action. He, too, acting spasmodically, ... The years rolled back; the room with its table laid for infamous supper melted away to be replaced in his vision by a cherry orchard, and in that orchard a girl on a swing, teasing yet ... singing a song that brought him, young and clean and honorable, to her side. He saw himself a lad of twenty going out into the world with a ... glove in his hat—a glove that to this day he cherished—bent upon knight-errantry for that sweet lady's sake, to conquer the world that he might cast it in her lap. And he saw her—this ... of the Duke's Theater—as she had been in those ... days when her name was Nancy Sylvester.

The years had wrought in her appearance a change that utterly disguised her.

He reeled back until his shoulders came to rest against the closed door and stared in dazed amazement, his soul revolted by the ... situation in which they found themselves.

"God!" he groaned aloud. "My Nan! My little Nan!"

CHAPTER XVIII

The Parley

At any other time and in any other place this meeting must have ... with horror of a different kind. His soul might have been ... pain and anger to find Nancy Sylvester, whom his imagination ... high and inaccessible as the very stars, whose memory had been as a beacon to him, casting a pure white light to guide him thru ... of many a vile temptation, reduced to this state of—as he ...—evil splendor.

Just now, however, the consciousness of his own infamous position ... all other thought.

He staggered forward and fell on his knees before her.

"Nan! Nan!" he cried in a strangled voice, "I did not know. I did not dream . . ."

It was enough to confirm the very worst of fears that were assailing ... afford ... that explanation of his presence against which she had ... struggling in defiance of the overwhelming evidences.

She stood before him, a woman of little more than average height, of an almost sapling grace, yet invested with something proud and aloof that did not desert her even now in this terrible situation of peril and of cruelest disillusion.

She was dressed, as it chanced, entirely in white, and all white she was before him save where the folds of the blue scarf with which she had been muffled still hung about her neck and bosom. No whiter than her face was her gown of shimmering ivory satin.

"What I have done, I can undo," he said, and, commanding himself in the stress of that urgent necessity, he assumed a sudden firmness. "As I carried you hither, in defiance of all, so will I carry you hence again at once while yet there is time."

She recoiled before the hand that he flung out as if to seize her and ... her. There was a sudden fury of anger in her eyes, a fury of scorn on her lips.

"You will carry me hence! You! I am to trust myself to you!"

He never winced under the lash of her contempt, so intent was he upon that one urgent thing.

"Will you stay, then, and trust yourself to Buckingham?" he flung back at her. "Come, I say," he commanded, oddly masterful in his overwhelming concern for her.

"With you? Oh, not that! Never with you! Never!"

He beat his hands together in his frenzy of impatience.

An Intimate Story of Innermost Emotions Revealed in Private Letters

LETTER FROM SALLY ATHERTON TO BEATRICE GRIMSHAW

At last I have heard the whole story, my dear Bee, and it would be intensely amusing if it were not rather tragic.

It seems Paula Perier was called the prettiest girl in Albany, and that she posed for the Acme Advertising Company so often that she was known as "The Acme Girl" to all their clients. In Albany, however, she was known as "Jack Prescott's little playmate."

They were always together and he seemed proud to be seen with her in all public places.

Everyone seemed to think she adored him.

All at once, greatly to the surprise of everyone, his marriage was announced to Leslie Hamilton. He brought his bride home very soon and Paula disappeared.

It is now whispered that the child which the Prescott's have adopted was placed upon its father's doorstep by Paula herself. A nice, little story, isn't it? How much of gossip and how much of truth is in it, I do not know.

Just to see what Mr. Prescott would say after I heard this story, I handed him a poem the other day. I cut it out of a magazine. Here it is.

THE LAW OF LOVE

A man may make for his love a bed,
And tho they be mated, he is not wed;
A man may love with his soul aloof—
But a woman is wedded in warp and woof.

And he is not bad; and he is but man,
And such he was when the world began—
A martyr, a hero, a sage, a saint—
And a wanton, beneath, in ill-restraint.

"I will love me one; I will love me two,
And unto both shall my heart be true."
But this is the price that he pays and pays,
That he is not sated in all his days.

This is the law that was made of old—
One may not squander his love's bright gold;
One may not flout his leal true mate,
Or life will render him back in hate.

This is the law, break which, O man,
You walk accurst among your clan;
Albeit you love in dark or day—
Peace shall free from your skulking way.

Wiser, O woman—yclept the fool;
You are queen of love, who seems its tool;
Trusty, steadfast, tender, true—
Life shall bend its knee to you'

Here he comes now. Will finish this letter at first opportunity.

TOMORROW: Sally continues her letter—Love, for man and woman.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

Lake Erie Cagers Hand Deisel-Wemmer Setback While Garfords Wake Up

Two surprises, the decisive defeat of the Deisel-Wemmer team at the hands of the Lake Erie outfit, 24-17, and the first victory of the year by the Garford aggregation, featured play in the industrial league Tuesday night. All three games of the evening were unusually good.

Deisel-Wemmer's loss puts Lake Erie but one full game behind the league leaders. With two more games to play, Lake Erie must win both and Deisel-Wemmer lose its two contests to the railroad men to cop the pennant. Should Deisel-Wemmer lose one and win one while the Lake Erie team takes both of its remaining games, the race will end in a tie between these two teams for first place. Deisel-Wemmer, however, will have the advantage in playing the two cellar teams in its final games while Lake Erie plays the first and second division team. Lake Erie is assured of at least second place if it wins one of its two games.

ERIES JUMP INTO LEAD

Lake Erie jumped into the lead at the start of Tuesday night's game and kept it thruout. The score at the half was 10-4 in their favor. Deisel-Wemmer seriously threatened to tie the count early in the second half but Lake Erie forged ahead and prevented Deisel-Wemmer from scoring a single point in the last ten minutes.

[illegible] Spees, Lake Erie forward, was largely responsible for his team's victory. He tossed in seven field goals from short range, and added an extra point on a free throw. The all around play of [illegible] and O'Connor, together with the guarding of Ben [illegible] and Thompson proved a much better combination than the individual play of the cigar-makers. Team play amply proved successful.

GARFORDS BEAT SOLARS

Garford's surprising win over the Solars was in large measure due to the individual work of Harry Brown, forward who tossed in seven field goals from long range, most of them from the middle of the floor. Garford led [illegible] the score at the half being [illegible] in her favor.

Finch and Poeder, Lima Loco forwards, were too much for the Lima Trust team in the third tilt. [illegible] the sphere thru the hoop eight times and Poeder succeeded [illegible] six fielders. Daley starred for the Trust Co.

HE'S A REAL SCHOLAR

Young Samson, University of Michigan swimmer, recently earned an A mark in every one of his school subjects, a mark [illegible] record for a collegiate athlete. Samson, by the way, shows much promise as a natator. He is built on the order of Johnny Weissmuller. He'll be eligible for Big Ten competition next season.

MAY STAR ON DIAMOND

Harold Grange, football star of the University of Illinois, intends to try for the varsity nine. If he makes it and is as fast on the bases as gridiron Big Ten catchers are going to be kept busy stopping him.

Newton Sends Out Call For Players

ADA — (Special) — First call for baseball candidates was issued Tuesday by Coach Newton of Ohio Northern. Battery men were called first and indoor practice will begin in Brown Gym this week. He will handle the batteries again this year.

Prospects for the coming season are uncertain, graduation and dropping out of school has wrecked last year's aggregation, which won the Ohio Conference Championship. It is probable that Emmett [illegible] star twirler will not return to college. Cliff Kerschner, [illegible] Wender, and Fred Cook, all of last year's team, will probably be missing this season.

Bart Haley of Tiffin will captain the team.

CALL FOR TRACK MEN

A call for track men will [illegible] this week. Coach Shaver, [illegible] Denison star, will handle the talent. This begins the second year of track at Northern and with few exceptions many candidates will be unknown quantities. However, Northern made a good showing last year in meets with Bluffton and Dennison. The down-state team came up expecting to have a walk-away but they finished up by being contented with a 12½ to 57 score.

SCORES ARE HIGH IN A. B. C.

CHICAGO. Chicago bowlers, temporarily ousted from leadership in all events of the 24th annual tournament of the American bowling congress, again are showing the way in three of the four columns of statistics. In only the doubles, led by Vallos and Crute of Youngstown, Ohio, is the lead held outside the tournament city.

Hundreds of Chicago bowlers have appeared on the 28 alleys in use but they predominate again today. It is expected, however, there will be few changes in the standings as the scores are high for so early in the tournament.

Interest among bowlers is centering on the annual meeting of the congress here Friday. Several proposed amendments to the constitution will be brought up, among them one purporting to keep the owners of alleys out of the voting on measures before the congress.

Leaders in the events are:

Five men—Hawthorne Club No. 1, Chicago	2946
Doubles—Vallos-Crute, Youngstown, Ohio	1268
Singles—Esping, Chicago	710
All events—L. J. Quinleven, Chicago	1949

BERLENBACH WAITS GONG

NEW YORK. Paul Berlenbach, who has hung up a record of 23 consecutive knockouts in his meteoric rise thru middleweight and light heavyweight [illegible], now is ready to meet all comers in these divisions, Dan Hickey, manager and ring mentor of the sensational young fighter, announced Tuesday.

As a result of Hickey's sweeping challenge efforts were begun to match Berlenbach with a first class opponent at Madison Square Garden. Hickey has agreed to a fight on May 2 or 9 and his antagonist probably will be drawn from a quintet of the middleweight top-notchers, including Harry Greb, the 160 pound title holder, Johnny Wilson, a former champion, Jimmy Delaney, Bridgeport, Conn., Jock Malone of St. Paul, Roland Todd, English holder of the European middleweight crown.

Being a Criticism of the Just and the Unjust In the World of Professional and Amateur Sports
BY HARRY BRADBURY

I noticed in the prints a couple of days ago an account of a bout that took place at the Knights of Columbus hall, in New York City, between Casper Leon and Harold Reagan and it reminded me of picking up a paper and reading the same account back in Aug. of 1900 when the same two named fought their memorable battle at Coney Island. It was a hard one and lasted 20 rounds. Reagan as in this one beat Leon. The boys in this battle were sons of the fathers who struggled for 20 rounds for the bantam supremacy. Casper Leon was possibly the best known of the two. He was born in 1872 in Italy and began boxing as soon as he was old enough.

He fought many memorable battles and was always clever both at offense and defense. Probably his most noted victory was over [illegible] Tommy Murphy. [illegible] took place in [illegible] 10 round. Murphy was considered one of the cleverest boys in the ring at that time. This battle followed one between [illegible] and [illegible] Govern and the Brooklyn boy won by a knock out in 12 rounds. [illegible] themselves which go down in [illegible] history. [illegible] that Leon should win but it was [illegible] [illegible] setting the decision [illegible] in New York.

NEW YORK—(Associated Press)—Stock prices moved within narrow and irregular limits a the opening of today's market. A fair demand developed for some of the independent steels. Congoleum dropped a point and New Orleans Texas and Mexico sagged 3-4.

Irregularity continued thruout the early dealings with the oils giving a good demonstration of group strength. Maaraicabo advanced two points and Pacific and Phillips one each but Atlantic Refining dropped 1 3-4. St. Paul common and preferred each advanced a point and New Orleans, Texas and Mexico cancelled its loss and advanced 3-4 to 10, a new 1924 lows and Deere' preferred broke six points. U. S. Cast Iron Pipe and American Woolen were again under pressure, dropping 1 3-4 each. Foreign exchanges opened irregular.

Altho the oils and certain low priced rails presented a strong front, bear traders were successful in uncovering a number of weak spots, particularly among the leather, silk and chemical shares. Additional new 1924 low records were established by Delaware and Hudson, Chicago and Eastern Illinois preferred, United Drug, Julius Kayser, Common and preferred and American Agricultural Chemical common and preferred, the losses ranging from two to five and a half points. Standard industrials, such as U. S. Steel common American Can and Baldwin, met good support and eventually climbed above last night's closing figures. General Electrics and Westinghouse were in good demand, each rising about a point before noon. Call money opened at 4 1-2 per cent.

LOS ANGELES — (Associated Press) — Mary Garden, prima donna of the Chicago Civic Opera Co., is reported suffering from lumbago. She sang "Salome" here yesterday afternoon but finished with difficulty and immediately took to bed.

JOHNSON DELEGATE FILES FOR G. O. P. CONVENTION

The standard of Hiram W. Johnson, presidential aspirant from California, was raised in the fourth congressional district Wednesday when candidacy of Walter M. Strohmeier, New Bremen, was certified to the Allen-co election board.

Strohmeier will enter the lists to seek election as delegate to the Republican national convention at Cleveland.

His entry into the race creates a fight with John Galvin of Lima and Albert Herzling, St. Marys, Coolidge men. Strohmeier names J. D. Facker, as second choice.

Mrs Mel Babriel, Troy, was certified to the Allen-co board is an alternate to the G. O. P. national fracas. She names Coolidge first choice and Garford, second choice.

SUIT LOOMS AGAINST QUARRY PROPERTY SALE

Court action may be instituted, it was learned Wednesday to set aside sale of the Long stone quarry, sold to Amos Long Saturday, at administratrix sale.

Mrs. Lucy Long, widow of Thomas C Long, owner, asserts that items 4 and 5, were combined for sale without her knowledge, and was kept from bidding on property.

Mrs Long visited Sheriff Crosson Wednesday, to learn why the properties were sold together. She left declaring she would visit an attorney.

MEN'S ASSOCIATION HAS INTERESTING MEETING

DELPHOS—Warren L. Steeves spoke at the Delphos Men's Association regular meeting that was held at the Presbyterian church Tuesday night.

Steeves' subject developed the home, school and church situation in such a way as to bring before the men an understanding of what should be the existing conditions between these three factions. He particularly emphasized the connection of these elements in any child or grown person's life.

Attendance improved over 40 percent over the last meeting, according to H. M. Davies, chairman of the Association.

An enjoyable musical program was given by Paul Harter and W. W. Heatherington. Community singing was the last on the program, led by John Traxler.

The next regular meeting will be held at the Methodist church providing remodeling of the building is completed.

COMMITTEE GETS FACTS PERTAINING TO LEASES

DELPHOS—The committee of nine men of which Aaron Smith is temporary chairman, appointed at a meeting of fifty farmers, completed an investigation of the Indiana Power Co's right-of-way project between Ft. Wayne and Lima.

The men have gathered facts relative to the leasing of right-of-ways, and the course to be followed will be decided at a meeting Wednesday evening. It is alleged by some of the farmers that representatives of the company had made some of the leases at too low a price.

PRICES OF WHEAT ON DECLINE

Political News from Washington Has Bearish Effect

UNCERTAIN AIR PREVAILS

Losses in Corn and Oats Are Also Registered

CHICAGO—(Associated Press)—Grain prices developed weakness today soon after the opening. Uncertainty due to reports that the White House had given qualified endorsement to the McNary-Haugen bill, had a bearish effect on wheat. There was also a tendency among some traders to regard a price setback as natural in view of recent upturns. Wheat opening prices which varied from unchanged figures to ⅝c higher with May 1.11⅞ to 1.12 and July 1.12⅛ to 1.12¼ were followed by a moderate general decline.

Corn reflected continued liberal receipts. After opening at a shade lower to ⅛c advance May 81⅝ to 81½, the market underwent a material decline all around.

Oats sympathized with the weakness of other cereals, starting at ⅛@¼c off to a shade up, May 48⅛ to 48⅝. Later all deliveries showed some loss.

Provisions were easier in line with the hog market.

MORTON SPEAKS BEFORE DELPHOS KIWANIS CLUB

DELPHOS—James E. Morton, secretary of the Lima Better Business Bureau, spoke before the Kiwanis club Tuesday on the subject of protecting business against itself. The main theme of the talk was the fallacy of dishonest advertising.

Morton cited examples of unscrupulous men who advertised articles as representing a better quality than they really were, and brought out the point that crooked business men seldom belong to any organizations.

Mrs. Maude Judkins sang, and was accompanied by Mrs. R. H. Jettinghoff at the piano. Mrs. Rose Fast also gave a selection at the piano.

Four new members were present at Tuesday's meeting. They were: L. C. Allinger, Arnold Demtsberger, Louis Huber, and Wm. DeWeese.

FUNERAL HELD

OTTAWA—Funeral services were held Wednesday afternoon at the Methodist church for Isaac Carpenter, 61, who died Monday afternoon at the home of his son, William Carpenter, in Ottawa. Rev P. Ross Perrish, pastor of Trinity Methodist church, officiated. Interment was made in Harmon cemetery, near Gilboa.

TITLE SUIT FILED

OTTAWA—Mrs. Bessie Mowry has filed suit in common pleas court to clear the title to inlot 81, Gilboa, naming M Jane Rager, as administrator of the estate of Charles D Rager, as defendant in the ease. Mrs Mowry, in her petition, sets forth that there is due $1,000 for the payment of debts of h estate and that the costs of administration will be $150. She says Rager left no personal property, which may be used for this purpose.

OTTAWA WOMAN CHARGES LIMA MAN DESERTED HER

OTTAWA—Charges of desertion are contained in a petition for divorce filed in common pleas court by Mrs Florence J. Smith, Ottawa, against Clarence E Smith, 33, Lima.

Mrs. Smith, in her action, declares she was compelled to take in washings to provide for herself and four young children, ranging in age from 10 to 4 years of age, while her husband spent his money for his own entertainment. She says he is a mechanic and earns $140 a month.

They were married in 1915. Temporary alimony is asked pending the suit. Judge Eastman will set a time for hearing the case for the granting of temporary support for the family and providing for attorney fees for Mrs. Smith's counsel.

MEETING FOR WOMEN

COLUMBUS GROVE—A meeting for women and girls has been called for Thursday at 2 p. m., at the United Brethern church, in connection with the evangelistic services being conducted there by Rev. C. V. Roop, of Findlay, conference evangelist. He will speak to the assembly of women and girls from the subject "A Wise Choice."

FOR SALE—42 BARRED ROCK HENS all laying; May chickens. Price $1.50 each. Call Rice 5810.

Wanted—To make this suggestion: START YOUR CHICKS RIGHT. No feed, only clean sand the first 4 hours. Then keep their digestion good, avoid fermentation, keep them hungry, and you are started on the road to success. Feed DR. HESS POULTRY PANA-CE-A and never mind about indigestion, leg weakness and gapes. PAN-A-CE-A will take care of all that. There will be wellness, good cheer and growth. LOOK OUT FOR LICE. Keep a can of DR. HESS INSTANT LOUSE KILLER handy all summer long. Use DR. HESS WHITE DIARRHEA REMEDY for all forms of diarrhea. All guaranteed. Sold by all dealers in poultry supplies.

ONE TO FOUR WEEKS OLD CHICKS

BABY CHICKS
BEST UTILITY MATINGS
We have received numerous inquiries from local customers for older chicks and we are now offering, in addition to our regular line of day-old chicks, one, two and three-week-old chicks.
Many poultry raisers find it much more convenient and profitable to purchase older chicks. Why? Because they are started by experts, are practically past the danger stage, and the poultryman's loss in raising them to maturity is decidedly small. If you are not well equipped to brood day-old chicks, 1 to 3 week-old chicks will be a profitable investment for you. We are equipped to take care of your needs.
Write or phone for catalogue and prices.

APPEALS COURT SETTLES SUIT OVER GARAGE LEASE

DELPHOS—The Ohio supreme court Tuesday affirmed the judgement of the court of appeals in the case of Russell Miller against C. E Blockberger and others.

Miller and Blockberger, the latter a resident near Delphos, entered into an agreement in writing, whereby Miller agreed to lease a garage at Grover Hill, Paulding-co, to Blockberger for five years at $50 a month, and to sell to Blockberger his stock of automobile accessories, fixtures and tools and equipment in the building, at a price to be determined by inventory

The agreement to execute the lease and to purchase the personal property contained a provision that in event either party failed to perform all the conditions of the contract the party so failing should pay to the other $1,000.

It was shown that Blockberger refused to sign the lease Miller brought suit for a reformation and specific performance, and in the alternative pleaded for liquidated damages.

Common pleas court reformed the contract by providing for a five year term, and refused specific performance, but gave Miller judgement for $1,000 as liquidated damages. The court of appeals reversed the lower court as to the damages, but affirmed the verdict in other respects
